How did you hear about the fellowship?

Please be specific if you heard it from an alumni or potential host site.

Financial Information.

This is a volunteer summer opportunity. However, we understand that not everyone has personal resources to be able to participate in an opportunity like this.

We ask that students enrolled in an academic institution look to their school for resources for summer fellowships, or work study resources to participate in this fellowship. We can provide information that your school may ask of you to pursue these options. If you do not have funding secured yet from your school, please fill out this application anyway.

For applicants who are not enrolled in school and do not have a regular income or personal resources, we will do our best to provide a stipend for you

to participate in the program if you are accepted. Part-time fellows will not be eligible for stipends.

(Note: Seeding Change will cover all of the travel costs to and from the Bay Area for the orientation and closing retreats.)

1. Do you have access to scholarships/work-study/stipend through any program that you are a part of? If so, please describe. If not, please let us know what kind of needs you have for income over the summer.
2. Will you need financial support from Seeding Change over the summer?
Yes/No
3. Do you need an early decision because of access to scholarships/work study? Please email apply@seeding-change.org with this application, the deadline and materials for the scholarship or work study program ASAP.
Yes/No

Short Response Questions

Please keep your responses to 350 words or less for each question.

1. What do you envision in a liberatory society and how does it compare to what we have today? You can pick a specific focus, an issue you are passionate about, or share broadly.
2. Please share about some of the experiences and people who have shaped you and your interests in social change.
3. How do you relate to the struggles facing working-class Asian American communities?
4. What do you hope to gain by participating in this fellowship? Please share what you hope to learn and/or skill areas you hope to most develop.

IV. Site Preferences:

Please rank your host site preferences. The final host sites and fellows will be chosen based on a matching process. We encourage you to take some time to research and review the list of potential host organizations.
